  <p>
    Professor Bairstone and Dr Day have made a sensational discovery.<br/>
    They have discovered the monk Diamond in a remote cave in Siberia. <br/>
    Professor Bairstone's dog, Ernest, sniffed out the diamond.
  </p>
  <p>
    The Jewel was stolen three years ago from the House of Volkov. <br/>
    The prime suspects in the theft were the Bond Brother. <br/>
    The team thinks the diamond had been hidden by the thieves.<br/>
    They sent this photo from their camp:
